

AGREEMENT

These Terms of Service and any amendments and restatements hereof (the “Agreement”) form a legal agreement covering the provision of services from Payport to you, including offering a marketplace to enable buyers and sellers of “Digital Assets” (such term to be broadly understood to include digital currencies such as Bitcoin, Tether, and others, supported by a Payport wallet) to engage in transactions with each other (the “Marketplace”), offering hosted digital wallet services, holding and releasing Digital Assets as instructed upon completion of a purchase of Digital Assets and any other services described in this Agreement (collectively the “Services” and individually, a “Service”) provided by Payport LLC and all of its affiliates (collectively, “Payport” or “we” or “us” or the “company”) to you as an individual (also referred to as a “user” or “you”). payport.company and its related Services are owned and operated by Payport. Your use of the Services will be governed by this Agreement, along with our Privacy Policy.

THESE TERMS REQUIRE THE USE OF ARBITRATION ONLY TO RESOLVE DISPUTES.

By signing up to use an account through Payport .com, or any associated websites, APIs, or mobile applications, including any URLs operated by Payport (collectively the “Payport Website” or the “Website”), you agree that you have carefully and thoroughly read, understand, and accept all of the terms and conditions contained in this Agreement including our Privacy Policy.

THE VALUE OF DIGITAL ASSETS CAN GO UP OR DOWN AND THERE CAN BE A SUBSTANTIAL RISK THAT YOU LOSE MONEY BUYING, SELLING, HOLDING, OR INVESTING IN DIGITAL ASSETS. YOU SHOULD CAREFULLY CONSIDER WHETHER TRADING OR HOLDING DIGITAL ASSETS IS SUITABLE FOR YOU IN LIGHT OF YOUR FINANCIAL CONDITION.

About Payport and its Services

Payport is a leading peer-to-peer marketplace to facilitate the purchase and sale of Digital Assets. Payment methods are negotiated and exchanged on a peer-to-peer basis between the buyers in the Marketplace (“Buyers”) and sellers in the Marketplace (“Sellers”). Our users agree upon which payment methods to use to complete a transaction and are fully responsible and liable for using such payment methods in a lawful manner.

Payport also offers hosted digital wallet services through a leading global digital asset wallet provider. Our worldwide user base is able to post offers to either buy or sell Digital Assets in a variety of convenient methods. The creator of the offer is responsible for listing the terms of the transaction, including the payment methods the Seller will accept. Once an offer is selected by another Payport user, the Seller’s Digital Assets are locked as part of our transaction procedures (which we refer to as “Payport Escrow”) until all conditions necessary to consummate the transaction have occurred. The sale is

complete and Digital Assets are unlocked and released to the Buyer by the Seller once the Buyer has completed the terms of the transaction and payment has been confirmed valid and received by the Seller. Payport DOES NOT ACT AS A PAYMENT PROCESSOR OR A PAYMENT SERVICE PROVIDER. ALL LIABILITY FOR SENDING AND RECEIVING PAYMENT AND CONFIRMING THE VALIDITY OF THE TRANSACTIONS LIE BETWEEN THE BUYER AND SELLER. The Digital Assets we lock are released back to the Seller if the Buyer chooses to cancel the transaction. The Seller may not cancel the transaction at any point. The Seller only has the option to unlock the Digital Assets and release it to the Buyer. This is for the security protection of the Buyer. Should a Seller need to cancel the transaction due to a Buyer not following the terms of the transaction, they must start a dispute and provide a valid reason. Transactions on our Website are conducted between the Buyers and Sellers. Accordingly, Payport is not a party to any transaction.

The hosted digital currency wallet service provided by Payport is a secure method of storing, sending, and receiving digital currency. All digital currency transactions occur within the digital currency network, not on Payport. There are no guarantees that the transaction will process on the digital currency network. Payport reserves the right to refuse to process any transaction if required by law or if we deem the transactions to be against our terms and conditions in this Agreement. You hereby accept and acknowledge that you take full responsibility for all activities that occur under your wallet and accept all risks of any authorized or unauthorized access to your wallet, to the maximum extent permitted by law.

You agree that we may, in our sole discretion, limit your access or use of your account, including by suspending your account, placing a hold on available Digital Assets, canceling or rejecting pending transactions, reversing transactions, among other actions we may deem necessary pending our risk review and verification of your identity. 7. TRANSACTIONS ON Payport'S MARKETPLACE

When a user initiates a transaction for the purchase or sale of Digital Assets, the transaction is consummated pursuant to this Agreement and to the additional terms, if any, detailed by the user or the user's counterparty. A step-by-step guide on [buying](#) and [selling](#) Digital Assets on the Payport Marketplace.

The following general terms apply to each transaction described below:

1. Buying Digital Assets via soliciting an offer.

When purchasing Digital Assets on the Payport Marketplace:

1. There are no fees for Payport Escrow as part of a transaction that are payable by Buyers on our Marketplace.
2. Offers from Payport counterparties have their own terms and conditions and each offer will vary in exchange rate, speed of exchange, and other terms and conditions imposed by a Seller. By accepting a Seller's offer you agree to be bound by the terms and conditions of that offer. The terms and conditions specified by the Seller are valid in all cases except when they contradict or violate this Agreement, are illegal, are unreasonable or otherwise difficult to comply with (as determined in Payport's sole and absolute discretion), or if both users of the transaction consent to alter the terms and conditions of such offer. IT IS YOUR RESPONSIBILITY TO CAREFULLY READ THE SELLER'S OFFER TERMS AND CONDITIONS AND FOLLOW THEM EXACTLY. IF YOU DO NOT FOLLOW THE OFFER TERMS AND CONDITIONS, YOUR PAYMENT WILL NOT BE ACCEPTED. NEVER SUBMIT PAYMENT UNLESS YOU HAVE FOLLOWED ALL TERMS AND CONDITIONS LISTED IN THE OFFER. IF YOU SUBMIT PAYMENT WITHOUT FOLLOWING THE TERMS AND CONDITIONS, Payport CANNOT ASSIST YOU IN A DISPUTE PROCESS TO RECOVER YOUR PAYMENT.
3. Payment verification and providing instruction to unlock Digital Assets from Payport Escrow are the sole obligations of the Seller and not that of Payport. If the Seller does not release the Digital Assets to you upon proper completion of the Seller's terms and conditions, promptly report the issue via the designated dispute button within the particular transaction chat. Payport customer service support will review and settle the dispute.

2. Selling Digital Assets

When selling Digital Assets on the Payport Marketplace:

1. Sellers must verify and process the payment in a reasonable amount of time, and within a certain amount of time as specified in the offer terms. Once the Buyer has submitted payment to you in accordance with the offer terms, it is your sole duty and responsibility to promptly verify and process the payment and then unlock the Digital Assets from Payport Escrow and release it to the Buyer. If you do not follow the instructions on the offer, you may not be entitled to a return of your locked Digital Assets.
2. As a Seller you accept all risks and liabilities for any violation of this Agreement incurred through the sale of Digital Assets. All taxes to be paid are your responsibility. Unless determined otherwise in Payport's sole and absolute discretion, Payport shall not reimburse any losses to the Seller whether due to a violation of this Agreement, fraud or otherwise.
3. Any payment received should be fully processed and confirmed as received by you before unlocking the Digital Assets from Payport Escrow. Payport is not responsible for your loss if you prematurely unlock Digital Assets before payment has been properly verified and received by you. You must be attentive and responsive to your Buyer. You should deactivate any inactive offers.
4. Any advertisement of your own website in any section of Payport's Marketplace (such as your bio, offer terms or transaction chat) that would facilitate buying or selling Digital Assets outside of Payport's Services is strictly prohibited. In limited instances, it is permissible to share your website that is created solely for the Seller to receive payment in order to complete the transaction (i.e. trusted third party debit/credit card processing) in the transaction instructions; provided that the use of such external websites are made clear in the offer terms and such websites may not contain any other advertisements or your contact information.

3. Compliance

1. Payport and the Services are not affiliated or associated with, nor endorsed or sponsored by any third party. Designated trademarks, brands, and other identifiers are solely the property of their respective owners. Payport and its Services are not endorsed, sponsored, associated or affiliated in any way by or with such owners.
2. YOU ARE WHOLLY RESPONSIBLE TO COMPLY WITH ALL LAWS AND REGULATIONS FOR THE JURISDICTION(S) IN WHICH YOUR TRANSACTION TAKES PLACE.

3. All transactions must take place within the Payport platform. Taking transactions outside the Payport platform or exchanging external contact details are strictly prohibited.
4. Transfer Limitations. We may, in our sole discretion, impose limitations or restrictions on the size, type, or manner of any proposed transfer transactions, such as a limit on the total amount of Digital Assets that may be posted for sale. You agree that we are not liable for the delay or the non-delivery of a transfer, or for any consequences resulting therefrom, in the event that (i) the transaction is being reviewed or placed on hold due to our transaction review process; (ii) the Digital Assets in your account are insufficient to complete the transaction; (iii) our Services are interrupted for reasons beyond our control; (iv) the intended recipient fails to open an account, obtain approval, and claim the Digital Assets in a timely manner; or (v) we have placed a limitation on your account and/or the recipient and you are unable to take the actions required for us to lift the limitation to our satisfaction.
5. No Guarantee. Payport does not guarantee that you will be able to sell Digital Assets on its Marketplace. The act of buying or selling Digital Assets via Payport's Marketplace does not guarantee that you will be able to buy or sell Digital Assets via the Marketplace at a later time.
6. Relationship. Nothing in this Agreement is intended to nor shall create any partnership, joint venture, agency, consultancy or trusteeship, you and Payport being with respect to one another independent contractors.
7. Accuracy of Information. You represent and warrant that any information you provide via the Services is accurate and complete. You accept and acknowledge that Payport is not responsible for any errors or omissions that you make in connection with any transaction initiated via the Services, for instance, if you mistype a Wallet address or otherwise provide incorrect information. We strongly encourage you to review your transaction details carefully before completing them via the Services.
8. No Cancellations or Modifications; Wallet Activities. Once transaction details have been submitted to the digital currency network via the Services, Payport cannot assist you with canceling or otherwise modifying your transaction. Payport has no control over any digital currency network and does not have the ability to facilitate any cancellation or modification requests. Digital Assets are always recorded on their respective networks or blockchains. All digital currency transactions occur within the digital currency network, not on Payport. There are no guarantees that the transaction will process on the digital currency network. Payport reserves the right to refuse to process any transaction if required by law or if we deem the transactions to be against our terms and conditions in this Agreement. You hereby accept and acknowledge that you take full responsibility for all activities that occur under your Wallet and accept all risks of any

authorized or unauthorized access to your Wallet, to the maximum extent permitted by law.

9. Taxes. It is your responsibility to determine what, if any, taxes (including, but not limited to, value added tax, goods and services tax, or sales taxes) apply to the transactions for which you have submitted transaction details via the Services, and it is your responsibility to report and remit the correct tax to the appropriate tax authority. Your transactions may also be subjected to other tax and reporting requirements, such as for personal income taxes. You agree that Payport is not responsible for determining whether taxes apply to your digital currency transactions or for collecting, reporting, withholding or remitting any taxes arising from any digital currency transactions. Payport does not and cannot advise you on the tax consequences of use of the Services. We do not collect any taxes on your behalf. It is your responsibility to determine whether taxes apply to any transactions you initiate or receive, and if so, to collect, report and/or remit the correct tax to the appropriate tax authority.
 10. User Reputation. When you engage in a Transaction, we allow other users to provide feedback on their interaction with you. We also permit users to file reports if the users believe you have violated this Agreement in any way. These reports are confidential, but we may use them in connection with a dispute.
 11. Transaction History. You may view your transaction history through your Account. You agree that the failure of the Services to provide such confirmation shall not prejudice or invalidate the terms of such transaction.

9. NO RIGHT TO CANCEL SERVICES OR MINERS FEES
1. If you use a Service to which a charge applies, or you initiate a transaction with a miners fee via the Services, you will not be eligible for a refund or reimbursement once you have confirmed that you wish to proceed with the Service or transaction.

1. We may, in our sole discretion and without cost to you, with or without prior notice and at any time, modify or discontinue, temporarily or permanently, any portion of our Services.
11. SUSPENSION OR TERMINATION OF SERVICES & ACCOUNT; LIMITING ACCESS TO YOUR WALLET

1. We may in our sole and absolute discretion, immediately and without prior notice: (a) suspend, restrict, or terminate your access to any or all of the Services (including limiting access to your Wallet), and/or (b) deactivate or cancel your account if: (i) we are so required by applicable law, a facially valid subpoena, court order, or binding order of a government authority; (ii) we reasonably suspect you have or may act in violation of this Agreement; (iii) use of your account is subject to any pending litigation, investigation, or government proceeding and/or we perceive a heightened risk of legal or regulatory non-compliance associated with your account activity; (iv) our service partners are unable to support your use; (v) you take any action that we deem as circumventing our controls and procedures or (vi) we think it is necessary to do so to protect us, our users, including you, or our employees from danger or loss. 2. If we suspend or close your account, terminate your use of the Services for any reason, or limit access to your Wallet, we will, to the extent that applicable law permits, attempt to provide you with notice of our actions by contacting the primary contact information we have for you in our records unless a court order or other legal process prohibits us from providing you with such notice. YOU ACKNOWLEDGE THAT OUR DECISION TO TAKE CERTAIN ACTIONS, INCLUDING LIMITING ACCESS TO, SUSPENDING, OR CLOSING YOUR ACCOUNT OR WALLET, MAY BE BASED ON CONFIDENTIAL CRITERIA THAT ARE ESSENTIAL TO OUR RISK MANAGEMENT AND SECURITY PROTOCOLS. YOU AGREE THAT Payport IS UNDER NO OBLIGATION TO DISCLOSE THE DETAILS OF ITS RISK MANAGEMENT AND SECURITY PROCEDURES TO YOU. In the event that we suspend your account or access to your Wallet, we will remove the suspension as soon as possible once the reasons for the suspension no longer exist, however we are under no obligation to notify you as to when (if ever) such suspension will be removed.
